

# CERTIFICATE

This is to certify that

**Marco Visin**

has successfully completed the certification in

## Management Excellence & Lean Six Sigma – **Black Belt**

The program, exclusive for MBA, Graduate or Master Candidates, is focused on the application of Six Sigma for Management, Leadership and Unbiased Decision Making. The content is based on pre-course tutorials, mandatory workshop attendance, statistical software practice, applied concept demonstrations, company project discussion, real business cases presentations, full project simulation, critical essay and final exam. Besides the technical six sigma courses, the program also had advanced modules of Leadership, Persuasion, Resilience Management and Communication Skills. The total contact time with all topics throughout the whole program is equivalent to 120 hours.
